

Guess What?

You can still live well after diagnosis

presents

Maidstone Mentors

Have you recently been diagnosed with dementia?
Would you like to speak to someone who has been
diagnosed themselves?

Hi, our names are Tom and Brian.
We have both been diagnosed with
different types of dementia. We know
what it feels like! Through Maidstone
Mentors we can support you through
sharing our experiences of how we coped
after diagnosis. There is help out there
and you can still live well.

We are not employed by anyone but we are both committed to Maidstone Mentors, whilst living our own lives. If you call and we don't answer straight away, its not that we don't want to speak to you – we might be out shopping!

Please leave a message and we will call you back asap. We don't expect you to have the expense of a long call, we will call you back, we can also arrange to meet face to face if you prefer.
